We offer NEWS for sale

Single house in an elegant residential context in Piano di Conca

Crossing the garden we immediately encounter the raised terrace that offers access to the house and an enchanting outdoor corner that will become indispensable from spring to autumn to enjoy the home days outdoors.

The house on the ground floor welcomes us with the spacious kitchen and the living room both equipped with the same double-sided fireplace, on the ground floor there is the first bathroom available for the living area.

The upper floor consists of a double bedroom, two bathrooms, a small bedroom or wardrobe room and a third bedroom, double, which overlooks two terraces on the two opposite sides of the room.

The basement consists of a room with a fireplace, a kitchenette and a room that precedes the fourth bathroom of the house.

The garden surrounds all four sides of the house and offers an area dedicated to the sun with a shower hidden by the fiberglass wall available on summer afternoons.

The care in the choice of visible and invisible materials is an important feature for those looking for a quality solution in a completely independent context and in a strategic position for each service.
